---

### *Professional Experience*

Currently working at **Sabre Travel Technologies, Bangalore**

As a senior frontend engineer, I migrate a flex app into HTML5 based application using ReactJS with an agile team of 5 members. Did,

- Write scalable ReactJS code & release it into production.
- Managed product development activities like code reviews, production support & conducted performance audits.

- Owned and delivered workflows with a team of 5 developers on time with minimum defects.
- Given trainings on new React APIs when migrated to new versions.
- Mentored interns. Onboarded contractors to the team.

#### Frontend Engineer at **Landmark Online, Bangalore**

As a frontend engineer, worked on building multiple e-commerce front ends for Hybris platform. Did,

- Implemented multilingual applications for various brands.
- Conducted technical interviews for scaling up the team.
- Early adopter of VueJS. Built an app and took it to production.

#### UI Developer at **Raremile Technologies & Tata Consultancy Services**

As a UI developer, worked as a contractor for various clients. Did,

- Delivered user stories on time, at par with other developers on team.
- Won business & promoted parent company at client location.
- Went the extra mile to solve customer problems and received awards.
- Exhibited confidence and excellent business skills at work.

#### *Education*

Bachelor of Engineering from PESIT South Campus (PESSE), 2007-11, VTU Karnataka

#### *Hobbies*

- Public speaking at Toastmasters (ACB, CL)
- Reading and collecting nonfiction books
